

MUSIC PRESS RELEASE

BJ Foster

Release New Christmas Single,
"Christmas Is Upon Us"

New single arrives November 1,
celebrating the unexpected return of
a long-lost musical gem.

At More Than Enough, we celebrate
creativity, connection, and the
unexpected moments that bring
meaningful stories back to life.
Sometimes, life delivers unexpected
gems when we least expect them.

Years after closing the door on my entertainment career to pursue a higher calling, a forgotten musical treasure was discovered in a lost vault. Now, that song has been recovered, revived, and is ready to find its way into the hearts of listeners this holiday season.

Following my first Christmas release in support of Save the Children, this latest release marks another special moment in a musical journey that has come full circle. What was once tucked away and nearly forgotten is now being brought back to life, offering listeners a fresh opportunity to experience the joy, warmth, and spirit of the Christmas season.

"Christmas Is Upon Us" represents more than a song returning to the spotlight. It is a reminder that creativity never truly disappears, that meaningful work can find its moment, and that sometimes the past holds unexpected gifts for the future.

"Christmas Is Upon Us" will be available on your favorite streaming platform.

Release Date: November 1

Artist: BJ Foster (introducing song writer, Randy Winters)
